## **jbu team - briefly**

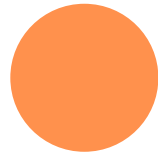

jbu team is the hub that allows jbu architects - italy and jbu consulting nigeria to operate as one entity across borders.

founded by arc. james brendan udom- product of the faculty of architecture- university of florence- italy- jbu team is built on a solid foundation of design enthusiasts from all over the world; eager to learn- share ideas- experiment new solutions and collaborate with new partners. our structure- largely built on a remote platform- allows us to tap into the diversified experiences and cultural backgrounds of our collaborators.

jbu team has a consolidated experience in architectural design of any scale ranging from residential to commercial- hospitality- corporate- educational and urban. our interior design section allows that liberty to address the project of any architectural typology wholistically including procurement and installation of interiors.

## jbu team - vision

architecture  
should  
speak a global  
language  
accessible to  
all-  
enriched with  
local accents.

"architecture is  
inhabited sculpture"

## real Estate

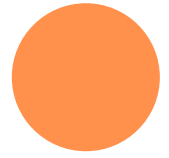

"architecture is basically a container  
of something. i hope they will enjoy  
not so much the teacup;  
but the tea"

## re-Think & re-Use

in the post pandemic era  
sustainability and  
up-cycling are key.  
architects are called upon  
to respond to the new  
challenges by  
exploring new ideas and  
create innovative  
structures.
